

Dear Community Partner:

We are proud to announce the 4th Annual Ontario County Not-for-Profit Summit on June 23, 2020 at Finger Lakes Community College.

More than 100 leaders and emerging leaders from area not-for-profit organizations will attend this daylong educational summit. Participants will have the opportunity to choose from a variety of relevant topics such as not-for-profit leadership, fundraising, succession planning, and many others. There are over 800 not-for-profit organizations in Ontario County serving the needs of residents of Ontario and surrounding counties.

The Planning Committee is asking for your help to make this full-day training opportunity possible for our not-for-profit partners in and around Ontario County. We have a number of sponsorship opportunities available with several ways to interact with this incredibly engaged and community-minded audience.

To become a sponsorship partner, please contact Kari Buch, Executive Director of the United Way of Ontario County at: kari.buch@uwrochester.org.

Thank you for your consideration and your dedication to creating and perpetuating a healthy and vibrant community. We hope you will consider joining us!
